¹Choose from regular CS graduate courses not corresponding to or having significant overlap with other CS courses on plan of study, or non-CS courses from [Approved Courses List](#)

- Select courses by consulting:
 - CS Course Information: <https://www.cs.purdue.edu/academic-programs/courses/index.html>
 - Approved Elective Courses List: https://www.cs.purdue.edu/graduate/curriculum/approved_courses.html
- Contact the instructor if you are not sure you have the prerequisites (or check their homepage for textbook and syllabus information)
- CS Graduate Student Class Registration Guide: <https://www.cs.purdue.edu/graduate/registration.html>
- Students may register for an Individual Study course (CS 59000) during any semester (including summer)
- Drop/Add Deadlines Calendar: <http://www.purdue.edu/registrar/calendars/>
- **International students** are required by law to enroll in a full course of study for each Fall and Spring semester. Students are only required to register in the Summer semester if it is their first or last semester and then they must register full-time. This generally means that students must register as follows:
 - Fall and Spring semesters
 - Graduate student without assistantship = minimum 8 credit hours/semester
 - Summer semester, if it is the first or last semester
 - Graduate student without assistantship = minimum 6 credit hours/semester
